SHLR TECHNOSOFT PVT. LTD.

BUILD FUTURE TECHNOLOGY

ONLINE INTERACTIVE
COUNSELING SOFTWARE

Prior to online counseling : Admissions to all Govt./ Aided / Private colleges in the state are being held at various Nodal centers through OFFLINE process. **In OFFLINE Process**, students have to apply more than one application, where he/she wants admission to colleges surrounding nodal center. In this process limited colleges related to that district are attached to each Nodal centers, so students have less options to select the seats and students are eligible to take seat in the few colleges attached to nodal centers.

To conduct the process in a more efficient, reliable and transparent manner and to help meritorious students, SHLR Technosoft PVT. LTD. has come up with new idea of making this process ONLINE.

This will reduce the burden of the students and parents, who were waiting for day long to get their seat in the old system of offline admission process.

Feedback

"Mainly I felt very happy and calm in doing this for my sister's counselling. Starting from the beginning that is taking the DD, receiving the rank list everything was online which helped us very much .every process happened in time and seat was allocated to my sister with no difficulties .I am very glad for such an arrangement of online process which saved our time."

Regards
Vijayalakshmi
Belgaum

Benefits:

❖ Online Interactive admission process helps the student to take seat in any college throughout the state.

❖ Interactive counseling is more efficient in terms of time.

❖ This process is more transparent as students/parents can see current status of seat availability and also student will get to know in which college and branch, higher merit students selected the seat.

❖ Only one application has to be submitted to avail the facility of taking any available seat in any college throughout the state.

❖ Students/Parents will receive updates through SMS and email. So no need to come to nodal center to receive updates.

❖ Online Interactive counselling is not centralized process, it is decentralised.

❖ In this process, student has the facility to view allotment process like in which nodal center the previous merit numbers are present and in which branch/college they have been allotted.

❖ It is very much helpful for meritorious students as per rules.

❖ The allotment of seats is very much fast, 15 to 20 seconds are being taken to allot a seat to the aspirants, as per their choices and options.

❖ By taking applications online, the time for admission process has been reduced to two months.

Feedback

"Online diploma admission system was good in all perspective. This gave all information to the students in a smooth manner .Because of this software we have been benefited a lot. I wish this system would continue in future."

Regards
Suma P. S

❖ Status of next five merit numbers to be allotted.

Ex: Merit Number 35384 is present in Hubli Nodal Center, he is the next person to take seat. After this merit no. allotted, next merit number 35385 present in Bagalkot nodal center is eligible to take seat.
